Train Set by Roy Kuhlmeier

Roy Kuhlmeier, 96, was born and raised in Minnesota. Mr. Kuhlmeier moved to Las Vegas in 1973 to be with his granddaughter's family - Beckie and Artie White, Roadrunner Plumbing.

Beckie White tells us her grandfather likes to build train sets. He builds a lot of them.

Roy finds a worthy cause and donates the train sets to them. Last month he donated a similar train set to the PHCC of Nevada for their raffle. This month the Southern Nevada Chapter, IAPMO is a recipient of his donation. The chapter thanks you!

The Train Set is 4 feet by 6 feet and includes legs. Some assembly is required.
